

Your connection anytime, anywhere!

A secure and scalable high-quality high-speed asymmetrical Internet connection to meet your Internet requirements

## THE EXPLOSIVE GROWTH OF INTERNET USAGE

- Secure robust connections using VPN tunnels
- Address ever-increasing internet requirements
- Enjoy a high-performance service
- Meet real-time requirements for critical applications
- Interconnect ATM and ACD systems

## STAR LITE : YOUR SIMPLE AND RELIABLE TAILOR-MADE SOLUTION

### Bespoke Internet connections

- Available for all types of networks
- Vast majority of Internet requirements covered
- Optimised bandwidth management
- Scalable service with a wide range of oversubscription options

### Quality and reliability

- Guaranteed SLAs
- Class of Service and QoS rule management
- Easily deployed using proven material

### Security

- Secure connection
- Traffic monitoring plus 24/7 availability with local partners
- Real-time view of network information

## OFFER SPECIFICATIONS\*

### Platforms

### Supports upstream data rates

- Up to 2,5Mbps for 5 Watts with IDirect
- Maximum 5Mbps upstream with Heights
- Various oversubscription options available

### Built-in functions

- WAN optimisation: TCP acceleration, header and payload compression
- Advanced FEC algorithm, jitter control and ACM
- Encryption AES 256

### QoS

- Management of QoS rules

### Scalability

- Scalable to FDMA or DSCPC networks in a mesh topology
- Potential to add sites with different configurations and bandwidth

### SLAs\*

- Availability and latency guaranties

\* Specifications, performance and commitment levels vary according to the chosen configuration and platform

## 24/7 NETWORK MONITORING AND MANAGEMENT

Management and follow-up of your network status

- Performance
- Failure diagnosis
- Incident follow-up
- Set-up changes

Skyview service included in the offer

## TARGET USES

- Web browsing
- IP telephony
- Emailing
- Videoconferencing
- Data transfers
- SCADA applications
- Secure VPNs
- Client/server applications

### FOCUS ON ATM-ACDs

- Tailor-made solutions for mobile and land stations with low data rates
- Interconnect ATM-ACDs
- Easy access to electronic payments
