- Compliance with data protection regulations (e.g. RGPD)

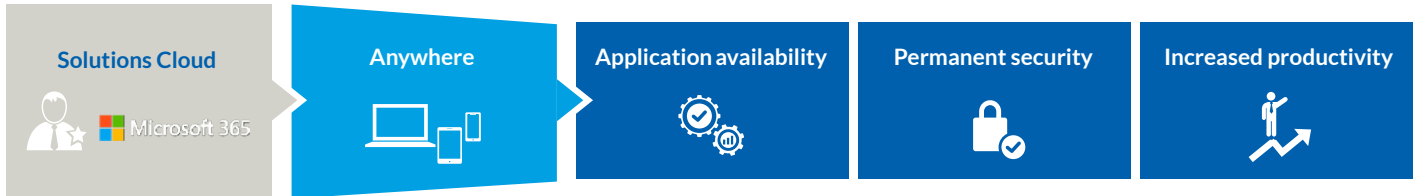

PERSONALISED SUPPORT SERVICE

Microsoft 365® is a software suite that meets the needs of digitization, evolves rapidly and provides a complex licensing model (multiplicity of plans, options, pricing models, geographical areas).

In partnership with Crayon, a Microsoft expert for two decades and Gold Partner certified, our teams will help you set-up and use Microsoft technologies while optimising your licence costs.

ANALYSIS OF YOUR NEEDS

Analysis of the applications and features required by your organisation

SUPPORT

Advice on how to select the contract which best meets your requirements

MIGRATION & SET-UP

Provision of licences, integration of new applications, migration and data security

MONITORING & ASSISTANCE

Expert technical support. End-user training to integrate the MS solutions

TAILORED AND SCALABLE MICROSOFT 365® CLOUD SOLUTIONS
